

YOUR
ENGINEERING
PARTNER.

What we do

Innovative, Efficient, and Scalable Modular Solutions.

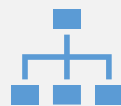

Design & Fabrication – Custom-built cabins, containers, and modular structures, engineered for durability and functionality.

Installation & Logistics – End-to-end transportation, setup, and dismantling for seamless project execution.

Technical Integration – Advanced electrical, HVAC, plumbing, and automation for fully equipped spaces.

Project Management – Efficient budgeting, vendor coordination, and quality control from start to finish. Innovative, Efficient, and Scalable Modular Solutions.

Problem

High Demand for Construction: Numerous giga projects are being launched every week, indicating strong market demand.

Supply Chain Limitations: The current supply chain is insufficient to meet the growing construction needs.

Need for Alternative Solutions: Due to supply constraints, there is increased focus on exploring different construction methods.

Rise of Modular Construction: Modular construction has gained prominence as a preferred solution due to its efficiency and advantages.

Ongoing Industry Discussions: Efforts are being made to address supply challenges and enhance construction capabilities.

Fabrication Shop				SR NO	MACHINE NAME	CAPACITY	QTY
1	POWER PRESS	5 TON	1	1	Machine Shop		
2	POWER PRESS	10TON	1	2	LATHE MACHINE	6'	1
3	POWER PRESS	15 TON	1	3	LATHE MACHINE	4'	1
4	POWER PRESS	10 TON	1	4	LATHE MACHINE	4'	1
5	POWER PRESS	15 TON	1	5	SHAPER MACHINE		1
6	POWER PRESS	30 TON	2	6	BENCH DRILL MACHINE	1/2"	1
7	POWER PRESS	25 TON	1	7	BENCH DRILL MACHINE	1/2"	1
8	POWER PRESS	3 TON	1	8	BENCH DRILL MACHINE	3/4"	1
9	POWER PRESS	15 TON	1	9	BENCH DRILL MACHINE	1/2"	1
